

Memorandum

MIAMI-DADE
COUNTY

Date: December 4, 2012

To: Honorable Vice Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

Agenda Item No. 8(F)(5)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing Competitive Contract Modifications Using Charter County
Transportation Surtax Funds

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached contract modifications with authority to exercise options-to-renew (OTRs). The recommended modifications are described below and in more detail in the accompanying attachments:

Item 1 – Building Maintenance System – Maintenance Service: Modifies this contract for an additional 12 months and \$118,000 in spending authority so that Corrections and Rehabilitation can continue to purchase preventative maintenance and repair services for the building air conditioning management system at the Turner Guilford Knight Detention Center.

Item 2 – Appliances Parts and Supplies, Pre-Qualification: Extends this open pre-qualification pool contract for an additional five years and \$605,000 to allow the Public Housing and Community Development and Fire Rescue departments to continue to purchase parts and supplies for the repair of household, industrial and commercial appliances.

Item 3 – Fire Extinguishers: Modifies this contract for an additional 12 months and \$86,000 in spending authority so various County departments may continue to purchase fire extinguishers.

Item 4 – Central A/C and Related Ductwork, Pre-Qualification: Extends this open pre-qualification pool contract for an additional five years and \$4,846,000 in spending authority to allow the Community Action and Human Services and Public Housing and Community Development departments to continue to purchase equipment, installation and repair services to central air conditioning units.

Item 5 – Uniform Rental/Purchase with Laundry Services: Modifies this contract for an additional five months and \$338,000 for the rental and purchase of uniforms with laundry services for MDT. Authorization is also requested to allow the use of MDT Operating Funds.

This contract award and modifications package is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). These contract modification recommendations may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the filing with the Clerk of the Board of this contract award recommendation. If the CITT has not forwarded a recommendation and 45 days have not elapsed since the filing of this award recommendation, I will request a withdrawal of this item. The contracts in this package are scheduled for the November 2012 CITT meeting.

Scope

The impact of the items in the Competitive Contract Modifications Package is countywide in nature.

Fiscal Impact/Funding Source

The allocation and funding source, by department, is listed in the attached Competitive Contract Modifications Package. Some of the modifications included in this item utilize Charter County Transportation Surtax funding.

Contract amounts and department allocations represent the maximum spending authority based on past utilization. This action does not guarantee that the total contract amount/value will be expended by County departments/agencies. Funding will be expended only if departmental budgets can support the expenditures approved in their annual budget adopted by the Board.

Track Record/Monitor

There are no known performance/compliance issues with the vendors recommended for award in the Competitive Contract Modifications Package. Each department's contract manager is reflected in the attached item.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise, in their discretion, subsequent options-to-renew periods and extend contracts for purchase of goods and services in accordance with the terms and conditions of each contract.

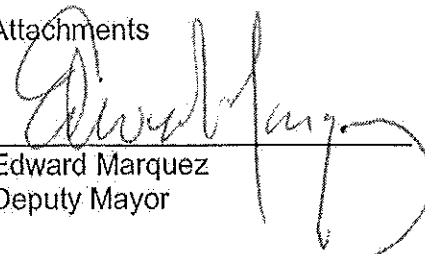

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and review of performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Background

Additional background information on the contract modifications is attached.

Item 1 – Contract Modification

Contract No.: 8118-0/12	Title: Building Maintenance System – Maintenance Service
--------------------------------	---

Type of Change:

- ☒ Additional Time
☒ Additional Spending Authority

- ☐ Authorization to use Charter County
 Transportation Surtax Funds as a Component of
 MDT Operating Funds

Contract Description and Reason for Change:

This contract is for preventative maintenance service and repair of the building air conditioning management system (BMS) located at the Miami-Dade Turner Guilford Knight Detention Center (TGK). Preventative maintenance service is performed on a weekly basis, and, a complete inspection of the system is conducted four times per year.

The BMS at TGK is being renovated by the current vendor, Design Controls, Inc. The implementation of the new BMS system will be completed by December 2012. This renovation will change the technical specifications of the future maintenance contract. This modification requests additional time and spending authority to allow the Corrections and Rehabilitation Department to continue to utilize this contract for maintenance services for the BMS. The proposed modification is proposed at the existing contract rate.

Item 2 – Contract Modification

Contract No.: 4781-3/12-3	Title: Appliances Parts and Supplies, Pre-qualification
----------------------------------	--

Type of Change:

- ☒ Additional Time
☒ Additional Spending Authority
☐ Authorization to use Charter County Transportation Surtax Funds as a Component of MDT Operating Funds

Contract Description and Reason for Change:

This open pool contract is for the purchase of parts and supplies for household, industrial, and commercial appliances. The vendors represent various appliance manufacturers and brands. The user departments purchase parts and supplies to keep appliances in operable conditions, thus reducing the need to purchase new appliances.

The existing contract offers a competitive advantage when purchasing appliance parts and supplies. Market research shows the scope, requirements, and terms and conditions will likely not change if a replacement contract is issued, and, it is anticipated the same vendors will pre-qualify for a replacement solicitation. As such, it is in the best interest of the County to modify the existing pool for an additional five years to allow user departments to continue accessing this favorable pool. This pre-qualification pool contract will remain advertised on the County's procurement management services website to encourage additional participation, and, further, staff will also notify other vendors enrolled in this commodity code that the prequalification pool is available for access. The value of the five-year modification is approximately the same value as the current contract on an annualized basis.

This open pool contract is for supply, installation, and service to central air conditioning units. The services include removal of existing units prior to installation of replacement units, installation of digital thermostats, inspection, sealing, insulation, and replacement of existing ducts. The contract has three groups for which vendors may qualify: Central Air Conditioning; Tune-up of Central Air Conditioning Units; and Inspection and Repair of Central Air Conditioning Ducts.

The existing contract offers a competitive advantage when purchasing central air conditioning units, installation and repair services. Market research shows the scope, requirements, and terms and conditions will likely not change if a replacement contract is issued, and, it is anticipated the same vendors will pre-qualify for a replacement solicitation. As such, this modification requests a five-year extension of the existing pool to allow user departments to continue accessing this favorable pool. |--|---|
| <input checked="" type="checkbox"/> Additional Time
<input checked="" type="checkbox"/> Additional Spending Authority | <input checked="" type="checkbox"/> Authorization to use Charter County Transportation Surtax Funds as a Component of MDT Operating Funds |
|--|---|

Contract Description and Reason for Change:

This contract modification requests additional time and spending authority for the rental of uniforms with laundry services for the Miami-Dade Transit (MDT) Department. The uniforms are provided to bus maintenance supervisors, bus hostlers, technicians, stock clerks, and vehicle mechanics.

On September 6, 2012, the Board approved a modification to *Contract 8740-1/13-1* adding an allocation for MDT for uniform rental services from vendor ALSCO, Inc. On October 2, 2012, ALSCO, Inc. informed the County that the company was temporarily closing their Miami plant for an upgrade and they would not be able to provide these services. In response, staff reviewed the pricing from the second-lowest bidder on the solicitation; however, their pricing was substantially higher than both ALSCO, Inc.'s contract, and, the pricing with the incumbent vendor, Aramark Uniform & Career Apparel, LLC. With the Aramark contract (5398-4/12-4) originally set to expire on October 31, 2012, staff processed a time-only extension for six months to keep the contract active while options to address provision of this service were explored.

This item requests Board approval to extend the current contract with Aramark from May 1, 2013 to September 30, 2013, and, to provide an allocation of up to \$338,000 to cover the full 11 month period through September 30, 2013. This modification also requests approval to use MDT Operating funds. These services are expected to be consolidated into the new Countywide uniform rental contract which is anticipated to be established by the end of September 2013.
